### VULCAN, LOCALS.

Hallowe'en Friday, October 31st.

Municipal elections will next be in order.

Coal at Terwilliger Grain Co., in lump \$8.00; nut \$5.00.

J. A. Naismith was a Calgary visitor last Sunday.

Mr. and Mrs. J. Leverington are spending a few days in Calgary this week.

Mrs. C. C. Rebbe is visiting with her mother, Mrs. C. G. Dovey, in Calgary this week.

Don't forget the grand Masquerade Ball at the I. O. O. F. Hall on Friday evening, October 31.

U. F. A. and U. F. W. A. Secretaries will meet in convention at Calgary on November 4 and 5.

Spooner is offering special bargains in Men's Wear. It will pay you to call and secure a few of the snaps.

Mrs. Stackhouse who has been visiting Mrs. (Dr.) Carson for several days returned to Blackie on Tuesday.

Rev. Mr. Mann, of Ensign will conduct services in the Presbyterian Church on Sunday morning and evening next.

Chauncey Davis, who was taken to Holy Cross Hospital after his accident near Gleichen last week is improving slowly.

Mr. Fuller, of North Hill, Calgary, occupied the pulpit of the Presbyterian Church here, both morning and evening of last Sunday.

Thos. A. E. Lally left on Monday night for his home in Spokane. He expects to be a business visitor to Vulcan occasionally during the next few months.

Keep an eye open for anything movable on your place on Friday evening. The small boy will have his fun on that occasion, as you and I did in days gone by.

Do you know that Daines, the "Shoe Hospital" man, is carrying a stock of Overshoes and heavy leather Boots? Better see him and learn his prices before buying. All sizes.

In connection with the election of school trustees for 1919 it has been frequently suggested that there should be at least one woman on the school board. The suggestion is a good one.

The Royal Bank of Canada recently opened a branch of their bank at Rio de Janeiro, Brazil. The Royal Bank has 540 branches located in Canada as well as 67 branches in the West Indies, Central and South America.

On Tuesday a gentle chinook wind melted the snow and brought back to the district a lot of cheerfulness that the cold snap froze out of us. Once more everybody can smile without injury to their face.

Herb Spankie, of the Lake McGregor district and Councillor for Marquis Municipality, was here on Monday, and notwithstanding the cold snap, holds very optimistic views on the future of the Lake McGregor District.

The Council of Marquis Municipality will hold their regular meeting on Saturday, November 1st at Lake McGregor School. At this meeting important legislation will be discussed as well as the purchase of seed grain for next year's crop for those who need assistance.

Here and there we find instances of the great interest manifested by capitalists of the United States in this country. Many of our farmers around here have been personally visited by representatives of American loan companies who were eager to loan the farmers up to 50 per cent. of the value of the farm.

The recent storm caused Mr. Dan Beaton to postpone the marketing of his wheat at Vulcan. Mr. Beaton has 6,000 bushels of number one hard wheat to market this year and he utilized his tractor in hauling the grain to market. He had four grain tanks employed which had a capacity of over 500 bushels. The grain was grown on his farm on the Indian Reservation.

Mr. Frank Gallantini, well-known throughout southern Alberta, has had great success in his farming operations this year in the Drumheller district. Recently he completed marketing over 31,000 bushels of wheat from his Drumheller farm and has sold the land at a high figure. To assist in hauling the grain to market, Mr. Gallantini employed Messrs. Buster Blake, Fred McKeague and Ray Peckham, of High River to operate three tractors hauling three and four grain tanks each to elevators at Drumheller.

The funeral of the late Mr. Andrew Jacobson took place on Saturday, Oct. 25, from the family residence to the Vulcan cemetery. Before interment the body was taken to the church where an impressive service for the dead was held by the Rev. Mr. Mann, of Ensign. Many friends and neighbors were present, thereby showing their respect to a man who was always held in the highest esteem. In our reference to the death of Mr. Jacobson in last week's issue we omitted to mention the name of another son, Martin, who is engaged in farming near here.

## Death of Robert Love

HIGHLY RESPECTED CITIZEN PASSES AWAY AFTER PROLONGED ILLNESS

The death took place in Vulcan on Saturday morning last of Robert Love, one of the most respected men of the district, at the age of 78 years. The deceased came to the district 15 years ago, locating on a homestead a few miles north of town. Of an industrious trend of mind, Mr. Love farmed successfully and his home and buildings are among the best in the community. In municipal and school matters he was always interested and was ever ready to lend a helping hand in any movement that had a tendency to promote the welfare of the community. Three sons, Messrs. Robert, Thomas and John, of the district, and seven daughters, living elsewhere, survive. The funeral took place on Tuesday, after which the body was conveyed to the C. P. R. station and sent to Douglas, Manitoba, where interment will be made in the family plot, beside that of his wife. Messrs. Robert and Tom accompanied the remains to their last resting place.

### A FINE ORCHESTRA

The musical program rendered by the Musical Five Orchestra at the Community Theatre on Sunday evening proved to be very interesting to those who attended and it is gratifying to learn that it was the first of a series that will be given this fall. Interspersed with the orchestral selections were songs, saxophone and clarinet solos, all very well rendered. Another program will be given on Sunday evening, November 9, from 9 to 10 o'clock, when the Vulcan Brass Band will assist in the program. Mr. Ober, the leader of the band, is deserving of praise for the manner in which he has assisted in developing the latent talent of the members of this organization. There will be no admission fee charged.

The personnel of the Harmony Five Orchestra is as follows: Messrs. Murchison and Horsefield of Claresholm and "Cap" Hardaker, Ober and Davis, of Vulcan.

### ESTIMATES ON RINK

The Vulcan Curling Association some time ago entered into negotiations for the erection of a combined Skating and Curling Rink and the first estimates were received this week from a Calgary contractor, who submitted a plan of the proposed building. For a rink 100x200, including ante rooms, passage, stair to seats over one end of centre portion taking about 30 feet of end of rink, the price will be in the neighborhood of \$15,000. In the estimation of local curlers the figure is far above what the people of Vulcan are prepared to put up for a skating rink, by the way of debentures.

### THE KUHN FARM SOLD

The Kasper Kuhn farm, consisting of 430 acres, situated about fifteen miles northeast of Vulcan, was sold through the office of Messrs. Hagerman and Co., recently to Mr. Thos. Skinner, of Portland, Ore. It is Mr. Skinner's intention to move here with his family and he will cultivate the entire farm, putting it into crop. This parcel of land is a very desirable one and we are pleased to know that every acre will be made to produce, for it is only by production that our country will prosper.

The auction sale of Mr. Kasper Kuhn, held on October 24, was very well attended and fair prices were maintained for all commodities. Mr. Kuhn and family will go to Portland, Ore., to reside, in the near future.

There are many boni fide enquiries being received here by realty dealers regarding land in this district. In every case the enquiries come from farmers across the line who are keenly interested in Alberta lands.

## Curlers Elect Officers

MUCH INTEREST EVINCED IN ROARIN' GAME. OFFICERS ELECTED FOR 1919

The annual meeting of the Vulcan Curling Club took place at Flood, Whicher & Elves' office on Monday evening with a very good attendance. The following officers were elected: Hon. President, Jas. McNaughton, M. P. P.; President, A. J. Flood; Vice-president, John Wolfe; Secretary, C. H. McMillan; Executive, Messrs. Spooner, Torgerson and Hall. The skips elected were Messrs. Spooner, Torgerson, Hall, Grant, Wolfe, Anderson, Reeves, Flood, Lebow and Whicher.

From the interest evinced at the initial meeting Vulcan will have an enthusiastic curling club and it was decided to affiliate with the Calgary and Edmonton Curling Associations. The fee for the year is \$10 and in case of a deficit a further assessment will be made.

The Executive was authorized to consult with the Town Council in regard to making arrangements for the care of the curling and skating ice.

### FOR BETTER FIRE PROTECTION

The petition signed by the rate-payers of Vulcan in connection with fire protection is now completed and Secretary-Treasurer A. G. Flood is preparing data of the financial standing of the town which will be laid before the members of the Utilities Board at Edmonton by Mayor Butchart in the very near future. The facts have been published in the Advocate and it is not necessary to recapitulate the information in this issue. Suffice to say that every rate-payer is behind the scheme of having adequate fire protection in our town.

## Decision Was Reversed

SUPREME COURT RULES ROYAL MUNICIPAL COUNCILLOR NOT ENTITLED TO SEAT

The Supreme Court of Alberta recently notified the Council of the M. D. of Royal 158 that the decision of Judge Jennison regarding the election of Daniel McNiven for Division No. 6 was reversed, declaring the seat vacant.

In explanation of the above we may say that at the last municipal election there were two candidates, Messrs. Alex. Smith and Dan. McNiven. The former was declared elected. Later action was commenced to have him ousted on the grounds of not being a British subject. The district court ordered the withdrawal of Mr. Smith from the seat, and declared Mr. McNiven elected. Appeal later was made to the Supreme Court which ruled that the finding of the District Court was at fault in declaring McNiven elected and ordered his retirement.

It will be necessary that a new election be held on November 15 and nominations therefore will be held on the 8th of November at the Derry School House at 3 P. M. L. F. Dawson was appointed returning officer.

Mr. Smith, who is an American, made application for Canadian citizenship about a year ago and until such time as the United States signs the Peace Treaty he cannot accept office in this country.

### VULCAN, LOCALS.

Mrs. McAlpine, who spent a few days in Calgary, returned on Monday.

Miss Nell Morris, who has been visiting Mrs. Arnold for the past week returned to Calgary on Thursday.

The Western Independent, Calgary, is the official weekly organ of the U. F. A. Political organization.

The C. P. R. train going north was one hour late in leaving Vulcan on Friday evening on account of the cold.

Our cash prices on coal—lump \$8.00; nut \$5.00; briquets \$8.25; hard coal \$10.75 in lump; \$9.75 in nut—Terwilliger Grain Co.

Mrs. J. A. Naismith, who has been in the General Hospital for several weeks, left the hospital on Sunday and will return to Vulcan in a few days.

Mr. L. H. Stack, barrister, was a Calgary visitor on Thursday and Friday of last week, in a professional capacity.

Mrs. Finfin, of Acme, Wyoming, who came up to Alberta to attend the funeral of her brother, the late Mr. Wm. McPherson, returned home on Monday.

The curlers of Okotoks met recently and elected officers for the coming season. We observe the names of prominent and enthusiastic curlers among the officers which would indicate a live organization.

Do you need a loan? We can arrange to finance you up to \$200,000.00 if you have the security. Come in and talk it over with Hagerman and Company. We will look after your interest. Prompt service guaranteed.

The curling rink promises to be a popular resort this coming winter among the men and the ladies are wondering if they are going to get a look in or not. Let them express the wish and we have no doubt as to the outcome.

The present prevailing cold snap has frozen the soil and further preparation of the same looks now impossible. There was considerable moisture in the ground which will be maintained and preserved for spring sowing. Considerable threshing is yet to be done, but the cold will not hurt the wheat, which is perfectly dry and can weather the cold.

If the month of October continues in its present inclement state of temperature it will go out of existence as one of the coldest experienced in the memory of many old timers. The thermometer dropped down to 14 degrees below on the night of Wednesday, October 22nd, and Thursday following was not much warmer. No relief is as yet experienced and some local weather prophets are declaring that the winter is here to remain; that it will continue from now on and to be followed by an early spring. Many are positive, however, that this present cold spell will be followed with fine warm weather for a couple of months to come. Let us hope the latter are right.

## Off to a Good Start

VULCAN VICTORY LOAN CAMPAIGN ENDS FIRST DAY WITH SALE OF \$3,350 IN BONDS

On Monday last the Victory Loan Campaign for 1919 commenced and the local committee closed the first day with a sale of bonds totalling \$3,350. The quota aimed at in this district is \$75,000 and it must be pushed through to success with courage, determination and absolute unanimity, if Canada is to prove worthy of her opportunity.

The President, Mr. Elves, and the Secretary, Mr. Colwell, are strictly on the job and are anxious to impart any information they may possess on the objects of the loan. The average man knows that the great opportunities for trade lie within the grasp of Canada, if her farmers, wage-earners, merchants and manufacturers have the foresight to reach for them. One of the great objects of the loan, apart from the rehabilitation of the returned soldiers, is the raising of the capital necessary to enable the Government of Canada to continue its system of credits to Great Britain, Belgium, France and other countries, and at the same time pay cash to the Canadian producer.

Every little bit counts and it is good to know that in this respect there are many farmers who are buying all they can afford, even if the amount is small in some cases, it demonstrates that they have faith in the country and are willing to help in providing the necessary cash to carry on during the reconstruction period.

Bond sellers are out each day conducting a systematic canvass, the object being to place the advantage squarely before every citizen, and we have reason to believe that they will succeed in their work. Give these men your co-operation and buy bonds to your limit.

Sub-agents have been appointed here and there as follows: Champion, committee of eight citizens; Ensign, Norman Young; Kirkcaldy, Mr. Frost; Reid Hill, Mr. Bridget; Eastway, Mr. Spiller.

The amount of \$75,000 is not monumental. Let an effort be made to double the quota asked. It will be mighty good business.

The town and district has been thoroughly covered with posters and pamphlets giving full information as to the object of the present loan and the benefits to be derived from a generous support of the same.

To the district that exceeds their quota by the biggest percentage in the province of Alberta, a German field gun, captured by the Canadian army will be awarded. Let Vulcan district strive to secure this coveted trophy.

The honorary chairmen of the Victory Loan Campaign Committees of Alberta are called in conference to Calgary, Saturday, Nov. 1, where they will meet Sir Henry Drayton, Minister of Finance in connection with the Victory Loan. Mr. F. A. Elves will represent Vulcan.

### VICTORY LOAN

The final touches of preparation for the Victory Loan have been completed and the local organization hopes to raise the amount aimed at by the Central Committee. The teams for town and country will make a thorough canvass of every person so that there will be no cause for disappointment. It is important that the amount allotted to this district should be oversubscribed. The money is here, lying in savings accounts in the various banks and it is good business to take it out of savings deposit and invest in Victory Bonds.

## U. F. A. to the Fore

THEY WIN THREE SEATS IN THE DOMINION BY-ELECTIONS BY LARGE MAJORITIES

After the sweep made by the Farmers' party in the Ontario provincial elections, it was generally conceded they would be successful in the Federal election, but not by such overwhelming majorities. In Assiniboia the Hon. Mr. Motherwell, Liberal, was defeated by Gould, the farmer candidate by nearly 4,000 majority and Motherwell will lose his deposit. In Carleton Place, Caldwell, Farmer, got 3,176 votes while Melville, Unionist, received 2,580.

Glenora and Stormont, Kennedy, the Farmer, was elected by over 2,000 majority over Harvey, Unionist. Kingston-Drayton, Unionist acclamation. Prince, P. E. I., McKenzie King, Liberal, acclamation. Quebec East, Lapointe, Liberal, 5,000 majority. Victoria, B. C., Tolmie, Unionist, 2,082 majority.

Farmers' organizations throughout the Dominion claim that Hon. T. A. Crerar will be the next Prime Minister of Canada. It is their purpose to assume the reins of power in Federal as well as provincial parliaments.

At present it looks as if Sir Adam Beck, of London, will be the head of the Ontario Government if he wants to.

**FARMERS AND POLITICS**

As we were going to press last week the final authentic reports of the Ontario election were just being issued, with results now well known and as surprisingly favorable to the new U. F. O. Political Association as it was disastrously disappointing to the two old parties. With such a result in the old line party stronghold, and with a seemingly incomplete organization, it looks, "to a man up a tree," as though the impending domination of party politics in the western provinces will easily also fall into the hands of the U. F. A. Political Association, when the status of Dominion and Provincial politics will have passed into new hands for temporary and perhaps permanent time. The existence of power and control by the new party will be temporary or permanent as determined by its future political actions, and ability to maintain compactly its organization. Its actions and adopted measures of procedure will be closely watched and followed by the leaders of the old line parties who will miss no opportunity to "make game" of any missteps or blunders that may be incorporated in their actions, as a means of re-establishing themselves. With organizations trained in the craft and subtleties of active power and experience, they have no intention of giving up the fight for supremacy and will be found at all times alert—watching for openings, laying snares, and accepting opportunities for belittling the efforts of the U. F. O. and disorganizing the party. This is but natural, is part of the game of politics and should be expected and anticipated. The Farmers' party is new, practically inexperienced in the game of politics and very new in the business of government. It will be expected to make some bad choices, and some serious mistakes, but it behooves the leaders of the new party, upon assuming control, to exercise the privileges gained, to act cautiously and slowly, with due consideration, and without impulse, in order to maintain the advantage already gained, and to insure the future permanency and control which is expected and for which the U. F. A. was formed.

**A GOOD MOVE**

The live stock branch of the Dominion Department of Agriculture this month assumed control of the union stockyards throughout Canada. It has insisted that the price of every animal weighed in the yards must be placed on the scale ticket at the time of weighing up. These tickets are open to inspection at all times. In order to assort and assemble them, and thus ascertain actual market conditions, the Government has installed large staffs. Their task is a heavy one, but it will be so discharged that an absolutely reliable price list will be furnished.

It has been more than suspected that many drovers and commission men have been anxious to keep the farmer from learning the top-notch price of the day, and the system thus installed is not popular with them. But the interests of the farmers are what the officials have to consider.—Edmonton Journal.

**WHERE THE MONEY GOES**

In connection with the Victory Bonds of the 1919 issue we reproduce the following which seems to contain a very full explanation as to the need for all to buy to the very limit:

To retire existing obligations; to provide for soldiers' gratuities as already voted for; to pay the cost of the soldiers' land settlement; to enable Canada to grant credits necessary for the financing of this year's grain crop and thus fulfill the obligation to pay the farmer the stipulated price and assure to him the whole ultimate profit; for capital outlay upon ship-building and other national undertakings forming part of Canada's industrial reconstruction program. The entire proceeds will be spent in Canada.

To the Liberals and Conservatives of old Ontario there is nothing much to gloat over in the election results. The Hearst government was defeated but there was no Liberal triumph, the number of seats in the legislature being reduced.

**BITTERLY ATTACKS SINN FEIN**

Field Marshall Viscount French, an Irishman by birth, who is now Governor-General of Ireland, understands the Irish situation probably better than any other man and in speaking of the Sinn Fein government, said this, among other things: "The self-constituted, illegal and insane Sinn Fein government is possessed of a great secret army called the 'Irish volunteers' to which are attached assassins whose business it is to murder policemen and soldiers who question their decrees in any community. The people are frightened into screening the offenders and courageous efforts on the part of the police are abortive. We are anxious to give self-determination and to be faithful and just to all, but little can possibly be done until the law and order are established. When the people hear of coercion, I hope they will consider the matter in a just light."

**EDITORIAL COMMENT**

The "Week-End Mirror," published in London the little, Ontario, is edited by Wallace J. Lout, and in the issue of October 2nd it has a very thinly disguised account of the visit of the Prince of Wales to High River, which is said to have boasted one silk hat, and to George Lane's Ranch, which goes under the name of "The Double X." In this connection we boast of the fact that there were no silk hats in evidence at High River at the Prince's reception. The Prince and party did not regale themselves in "spectacular headgear, and he it said the Prince evidently appreciated the customs of the country, for has he not bought himself a ranch near High River where he can be as far away as possible from little Londoners and their plug hats?

The Alberta Humane Society will investigate the treatment accorded stock being shipped on our railway cars. It is said that stock are not fed or watered as regularly as they should be and in many cases stock have been injured badly by being hunched about carelessly in the yards.

The British Government was defeated last week as a result of the Government whips being caught napping. The vote taken was in connection with the alien question, and as it was simply a case of being caught napping, the resignation of the cabinet is not a necessity, but, unfortunately such incidents always affects its prestige.

Let it be remembered that Foster, the weather man, predicted a storm period with low temperature centering around October 25. The man has made some very good forecasts during the past year.

There is talk in Lethbridge of going back to the old form of Aldermanic Government, instead of the present Commission form of Government which has been so successful in that city.

The Dominion Council of Health has fixed the various provincial allotments for combatting venereal disease and Alberta will get the sum of \$11,979. We have reason to believe that this disease is comparatively infrequent in this province, and it is well that such is the case for the above sum would not go far in putting up a fight against the ailment. It is an insidious plague and has a degrading influence on the nation unless checked.

Recently Admiral Jellicoe visited the Fiji Islands and the inhabitants received him with open arms. A century ago he would have been received with open mouths.

The price of cigarettes has gone up and prices are to be probed in order to prevent the profiteer from making a fortune out of this necessity.

The record of the past with regard to the weather is that when October is extremely cold there followed months of very mild weather. It is rather difficult to be optimistic about this cold spell but we sincerely hope that the weather will be more moderate than the sample we had last week.

The Unionist candidate, Mr. Cowan, a very strong man running in the North Ontario riding, died after nomination day and as a result a substitute candidate will be placed in the field, which will be a great disadvantage to the Union candidate, whoever he may be.

The assassination of W. J. de Forge in Winnipeg recently indicates that there is an element springing up in Canada, principally among the aliens, that should be suppressed at once. The dead man was engaged in the Military Intelligence Department and he had rounded up a number of troublesome aliens, who no doubt, brought about his death.

## THE NEW ZEALAND GRATUITY

There is not much encouragement for the returned men now agitating for the payment of a \$2,000 cash bonus to all Canadian soldiers who served in France—irrespective of the length or nature of such service—in the decision of New Zealand to pay a gratuity of 36c per day to all New Zealanders who served overseas. The amount payable is to be calculated on the number of days that elapsed between the embarkation of the New Zealand soldier for service abroad and the signing of the armistice.

The New Zealanders jumped into the war with the alacrity displayed by the other overseas Dominions. Some of them took part in the operations against the German South Sea Islands almost immediately after the outbreak of hostilities. Thereafter men were sent out steadily till the very end. New Zealand actually dispatched to the various war zones over a hundred thousand men, or one in ten of her entire population. The total of the gratuity to be paid therefore will be a very large sum, but New Zealanders will not get so much on the average as Canada has already paid or is paying her returned men. Between the despatch overseas of the first New Zealand fighting men and Armistice Day not more than 1,560 days elapsed. The bonus to a New Zealand private who served for four years and one hundred days would be \$561, while every Canadian bachelor private who served over three years gets \$420, and every married man \$600. Relatively few of New Zealand's men will get even the amount that comes to the unmarried Canadian of three years' overseas service. For similar periods, three years in each case—the unmarried Canadian gets \$420 and the New Zealander, whether married or not, \$394.

When the committee at Ottawa gets down to consideration of the facts as to gratuities it will be shown conclusively that the Canadian people have nothing with which to reproach themselves in the matter of gratuities to the fit. There is a good deal of dissatisfaction as to the allowances of the dependents of the dead and to the disabled and unfit among returned men. The Government will have the whole country behind it in dealing most generously with these cases. The men who paid the full price for liberty won the right to have the loved ones left behind adopted as the wards of the nation, not in any grudging, niggardly spirit, but with all the love and gratitude that the sacrifice of husband and father and son should evoke. *Toronto Globe.*

## PRINCE A CANUCK FARMER

A mob of cheering, laughing, struggling people welcomed the Prince of Wales to London on October 23. The news dispatches do not mention that all wore plumed hats or not. At the civic dinner at the Tecumseh Hotel the Prince addressed a big gathering referring to his hope that he may be able to make of himself a good Canadian farmer and adding a playful promise that he would keep out of politics and controversies over the tariff. In part, he said:

"I have been a farmer in the main since I landed in Canada two months ago, because I went west very soon after my arrival and did not linger long in Ontario and the West is essentially a land of agriculture. Farmers, I believe, do not in all respects see eye to eye with manufacturers and business men. As you probably know, I have just bought a ranch in Alberta, and you, therefore, may expect me to develop strong views about such things as tariffs which may differ somewhat from your own views. I should like, therefore, to reassure you at once by promising to be a very simple sort of farmer, who will not go into politics at all."

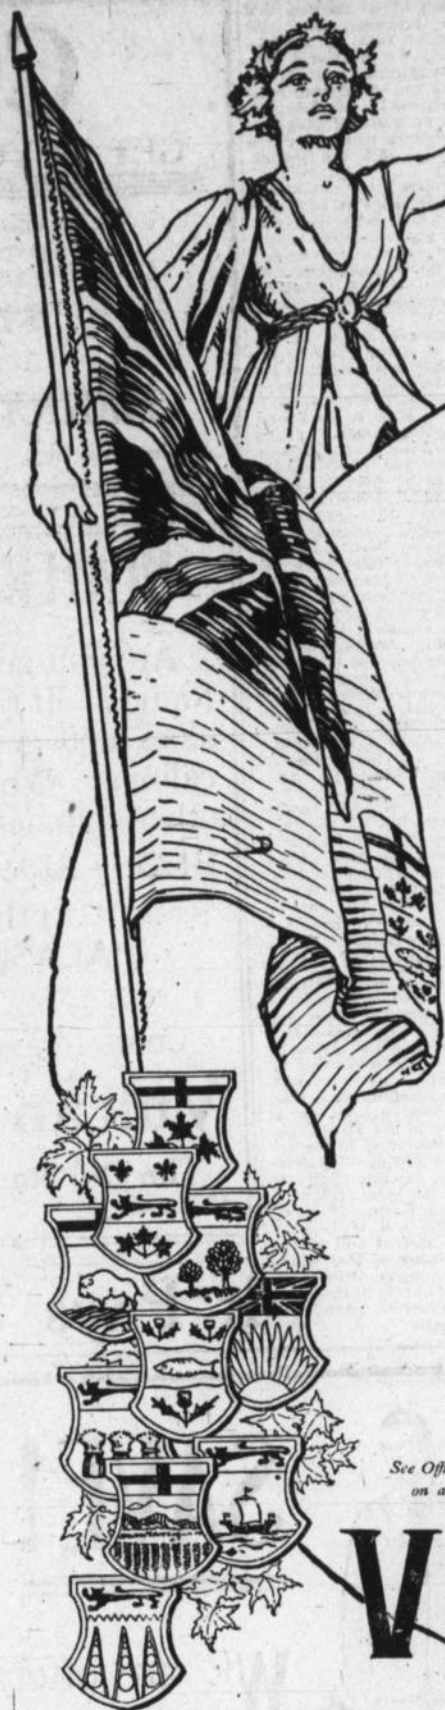

## ALBERTA TO THE FRONT

The provincial Minister of Agriculture presented a gratifying record of the progress of Alberta dairying to a Cochrane audience last week. In three succeeding years, he declared, a 300 per cent. increase in the output of the preceding year had been reported. Its value last year was \$30,000,000, and, added Mr. Marshall, "we have only begun." A combination shipment of butter from the three western provinces was sent to Liverpool recently, and that from Alberta "brought two shillings more than that from the other provinces." The report does not make clear what the quantity was that sold at two shillings beyond the Manitoba and Saskatchewan output. But the mere fact that the distinction was made in our favor signifies much. There is no more important factor in our growing prosperity than the dairy cow.

## THE SUGAR SHORTAGE

Two vessels from the Fiji Islands and others from Peru are on the way to Vancouver containing large quantities of sugar. This will assist largely in furnishing a supply that will be gladly received by the people of Canada.

There are four causes for the present shortage and these are as follows: Re-entry of European nations into the world markets as consumers and not producers; failure of the British India crop, involving the loss of a million tons; increased consumption due to prohibition, and action of the United States Government and the Royal Commission in securing the bulk of the world's available supply for their own use.

# All for Canada Canada for all

Canadians!

This is a call to National Service—  
The Victory Loan 1919  
which opens to-day.

YOU are citizens of no mean country.  
Canada is a fair, free land.

Canada is your country.

Canada—now—has need to borrow from you—Lend:

Lend without restraint of politics or fine distinctions of creed or party.

The leaders of the political parties endorse the Loan.

It is CANADA that asks:

And why—

To clean up the last of the War's commitments and expenses;

To establish beyond all question the capacity and credit of your country;

To care for the wounded and maimed soldier;

To finance the bonus of the returned soldier already paid;

To enable the fruits of Victory to be garnered;

To ensure the prosperity of you, her citizens.

The guns of war are silent—but they are not yet cool.

The Victory Loan 1919 is a War Loan.

Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. LEND!

## LEND! LEAD!

See Official Prospectus  
on another page.

Issued by Canada's Victory Loan Committee  
in co-operation with the Minister of Finance  
of the Dominion of Canada.

# VICTORY LOAN

## PROVINCIAL NEWS ITEMS

Farmers in the United States are selling their wheat for \$2.26, and anything above that price is wholly exceptional.

Several C. P. R. conductors were recently charged with a breach of the Secret Commission Act, and one was sent up for trial at Regina.

A rather peculiar incident occurred at Lethbridge one day last week when 75 carloads of stock were shipped out to Chicago. On the day following, strange to say, 39 carloads of stock were shipped from Havre, Montana, to Calgary. Foreign fields look favorable to the average man and there you are.

Mrs. Billie Empie went to High River on Friday night to recite in the concert given there at the Opera House that evening. The wreck at Nanton causing a delay of the south-bound train nearly made her miss her engagement, but a Ford was obtained and she arrived in time.

After the election report was received from Ontario, one ardent U. F. A. was heard to remark to a U. F. W. A. "You must wear better and warmer dresses from now on, build yourself a better home, for farmers you know are coming into their own. You will have money to burn when we are the Government." All of which smacks a little of the Bolsheviks of Russia.

We observe in the Assiniboia bye-election that several of the leading Liberals from Ottawa are in that riding doing their utmost to bring about the election of the Liberal standard-bearer against the Farmer candidate. Such activity is a little surprising in view of the claim the Liberal and Farmer organizations stand for the same thing. Farmers evidently will not admit the claim.

### SEVENTH ANNUAL CONVENTION ALBERTA W. C. T. U.

The Alberta Women's Christian  
Temperance Union at their annual  
convention held in the Knox Presby-  
terian Church, Lethbridge, recently,  
took up some very important matters,  
affecting a number of vital problems.

Amongst the important resolutions  
adopted by the convention were the  
following:

"That we express ourselves in hum-  
ble heartfelt thanksgiving and grati-  
tude to our Maker in that he has seen  
fit to remove the war from us and  
has brought us to a victorious peace.

"That we express our sympathy to  
all those who have been bereaved by  
the war.

"That this convention commend the  
policy of the Department of Educa-  
tion in providing for two-room schools  
in the rural districts, thus encourag-  
ing the teachers in foreign districts  
to give an adequate term of service  
to his Canadianizing work.

"That we ask the Provincial Govern-  
ment to consider extending the  
Mothers' Pension Act, in order to give  
aid to the wives and children of total-  
ly disabled men not already receiving  
Government aid; also to wives whose  
husbands have deserted them and can  
not be forced to support them. Fur-  
ther that the full amount of this pay-  
ment be met by the Government.

"That we petition the Provincial  
Legislature to repeal Chapter 118 of  
the Northwest Territories Ordinance;  
and that adequate legislation be en-  
acted whereby the father of an illegi-  
timate child may be responsible for the  
financial support of the child.

"That we express our disapproval  
of the action of the Senate of Canada  
in opposing the will of the people of  
Canada, as expressed through the  
House of Commons with regard to  
validating the extension of prohibition  
for a year after the declaration  
of peace.

"That in order to secure the better  
enforcement of the Alberta Liquor  
Act we ask the Alberta Government  
to consider making penalties for the  
infringement of that Act imprison-  
ment, except for the first offence.

"That we ask the Alberta Govern-  
ment to amend the Alberta Liquor  
Act, making the maximum amount  
of a liquor prescription eight ounces,  
and to have the liquor put up by the  
Government vendor only in sealed  
bottles, not exceeding eight ounces,  
with the prices set by the Government  
and marked on such bottles.

"That we express to our White Rib-  
bon sisters of Ontario our sincerest  
sympathy in the present provincial  
prohibition campaign, and assure  
them of our heartfelt co-operation  
through prayer, in their gigantic  
struggle for total prohibition.

The Plan of Work Committee re-  
commended that a special prayer  
meeting for temperance work be held  
once a year; that W. C. T. U. women  
hold mid-week prayer meetings at in-  
tervals, and that W. C. T. U. mothers  
be urged to have daily Bible study  
and prayer with their children. Local  
unions were urged to organize  
L. T. L. and "Y" branches in local-  
ities where there were children and  
girls of age for this work. A pro-  
gram of child welfare to be worked  
either individually or in co-operation  
with other organizations was also re-  
commended, and the organization of  
Little White Ribboners. Continuance  
of work among foreigners and a  
greater interest therein; a special edu-  
cational campaign regarding the  
harmful effects of liquors and narcot-  
ics; holding of medal contests and  
mothers' meetings in connection with  
unions, were also advised. The com-  
mittee further urged upon all women  
the importance of attending all munici-  
pal, school board and hospital  
board meetings, and that each union  
appoint delegates to attend such meet-  
ings. The use of Canadian literature  
in W. C. T. U. church organizations  
and home schools was advised, also  
the need of prayer for missionaries  
and financial assistance in distribut-  
ing temperance literature. Members  
were urged to be alert in every pos-  
sible way in efforts to assist in the  
enforcement of the Liquor Act. The  
suggestions of the committee were  
discussed and adopted unanimously.

Reports were presented from the  
various departments and showed a  
great deal of activity throughout the  
province. The convention elected the  
following as the Provincial officers for  
the ensuing year.

President, Mrs. L. C. McKinney,  
Clareholm; Vice-president, Mrs.  
Chester Gainer, Edmonton; Corres-  
ponding secretary, Mrs. F. McArthur,  
Medicine Hat; Recording secretary,  
Mrs. Edwin Forbes, Ryley; Treasurer,  
Mrs. C. G. Craig, Olds; "Y" Secretary,  
Miss Carson, Medicine Hat; "L. T. L."  
Secretary, Mrs. Wm. Cassels, Calgary.

The address of the president, Mrs.  
L. C. McKinney, M. L. A., of Clare-  
holm, was devoted mainly to the con-  
sideration of "Prohibition and Recon-  
struction." In the course of a very  
eloquent address, Mrs. McKinney  
dealt with the history of the struggle  
to free the land from the bane of in-  
toxicating drink and also touched on  
the activities of the Moderation  
League in this Province. She also  
made a strong plea for greater activi-  
ty in the direction of securing better  
homes and larger opportunities for  
the all-round development of children,  
recognizing that they were the great-  
est of all the nation's assets.

THE POLITICIAN TO VOTE FOR:  
Sir William Hearst, the defeated  
Ontario premier, has been relegated  
to the political discard, the only safe  
procedure in such a case--one in-  
stance where a politician reaped even  
as he sowed. Personally we can't  
get it out of our head that the man in  
question came to regard himself as  
preeminently right, absolutely infall-  
ible. He impressed us as a man who  
took seriously that quotation about  
man being but a little lower than the  
angels, and he believed it so convic-  
ingly that his belief showed in his  
every movement, every word. To-  
ward the last of his political career  
when he authorized as fine a lot of  
campaign literature as ever any party  
leader dared to spend thousands of  
dollars of the public money on, we be-  
lieve he had managed to reduce the  
distance between man and the angels

to such dimensions that the distance  
was conspicuous by its absence, that  
is in his own particular case. We  
have no doubt but that, had the pre-  
mier been re-elected he would have  
considered the distance entirely an  
earthly illusion and would have inno-  
cently have felt for the brackets cus-  
tomary to the attaching of wings, or  
would have sprouted a pair. It is a  
kindness to remove such men from of-  
fice.

Now the farmers have the majority  
of power in their hands we hope they  
will act like a two-fisted he-man with  
enough morals and ideals to be worthy  
of that power and enough red cor-  
puscles to form determinations with  
a basis in stick-to-it-iveness that are  
worthy the aforementioned morals  
and ideals.

What Government needs in the  
present crisis in strong leaders, who  
do not think themselves infallible but  
at the same time will not be swayed  
even by a majority, to the support of  
that which they know to be wrong,  
who have gumption enough to take a  
step forward without fear of the re-  
sultant criticism and can especially  
grasp the truth in every issue and  
hammer the clinging deceptions away  
from it. We don't want business ex-  
perts in the seat of government, (we  
can hire them), we don't want pro-  
fessional politicians, (they know the  
game too well), nor representa-  
tives of capital, (for labor would come  
out at the small end of the horn), nor  
representatives of labor, (or capital  
would get mighty roughly handled  
and capital is as essential to the eco-  
nomic world as labor), in fact we do  
not want the representatives of any  
one particular class to hold the reins  
of Government. What we want is  
MEN with the GOOD of the WHOLE  
people at heart and the courage of  
their convictions. When you find a  
candidate like that, vote for him.

We hope the U. F. A. will realize  
that petty partisanship is the only  
thing they must eliminate from their  
doctrine to become the party of par-  
ties and that they will be particular  
when picking candidates. Better no  
candidate at all than a bum one.

GOLDEN RULE WOMEN'S INSTI-  
TUTE MEETING  
The Golden Rule Women's Institute  
met in the Fireguard School on Oct.  
16th. Although the attendance was  
not large it was a very enthusiastic  
meeting. It has been the intention  
for some time to do something to-  
wards hot lunches for the school chil-  
dren, so at this meeting it was decided  
that money be raised in some way at  
each school house to buy an oil stove  
for the use of each school in the dif-  
ferent districts where our members  
reside. The next meeting will be  
held Nov. 6th at the home of Mrs. C.  
N. Howes, Mrs. J. Hutton will serve.

The ladies of the G. R. W. I. in the  
Fireguard school district will give a  
programme and dance at that school  
house on Friday evening, October 31.  
Everybody come and help us make our  
new resolutions a success. Admission  
to adults fifty cents.

THE A B C OF THE LEAGUE OF NATIONS

( BY DR. FRANK CRANE )

1. What is the League of Nations?  
A. A union of the strongest civilized nations formed at the conclusion of the great war.

2. What is its object?  
A. First, to promote the peace of the world by agreeing not to resort to war. Second, to deal openly with each other, not by secret treaties. Third, to improve international law. Fourth, to co-operate in all matters of common concern.

3. Does it presume to end war?  
A. No more than any government can end crime. It claims to reduce the liability of war.

4. What will be done to any nation that makes war?  
A. It will be boycotted and otherwise penalized.

5. How else will the probability of war be lessened?  
A. By voluntary, mutual and proportionate disarmament; by exchanging military information; by providing for arbitration; by protecting each nation's territorial integrity and by educating public opinion to see the folly of war.

6. What else does the League propose to do for mankind?  
A. Secure fair treatment for labor, suppress the white slave traffic, the sale of dangerous drugs, the traffic in war munitions, control and prevent disease, promote the work of the Red Cross, and establish international bureaus for other causes that concern the human race.

7. Who are the charter members of the League?  
A. United States, Belgium, Bolivia, Brazil, British Empire, Canada, Australia, South Africa, New Zealand, India, China, Cuba, Czechoslovakia, Ecuador, France, Greece, Guatemala, Haiti, Honduras, Italy, Japan, Liberia, Nicaragua, Panama, Peru, Poland, Portugal, Rumania, Serbia, Siam, Uruguay and the following States which are invited to accede to the covenant: Argentine Republic, Chili, Colombia, Denmark, Netherlands, Norway, Paraguay, Persia, Salvador, Spain, Sweden, Switzerland, Venezuela.

8. What other nations may join?  
A. Any self-governing State which will agree to the rules of the League, provided the League accepts it.

9. What agencies will the League have?  
A. An Assembly, composed of representatives of all the member nations, a Council of Nine, a Secretary-General, a Permanent Commission for military questions, various International Bureaus; such as the Postal Union, etc., and Mandatories.

10. What is a mandatory?  
A. Some one nation designated by the League to attend to the welfare of "backward peoples residing in colonies of the Central Empires, or in territories taken from them." This is to be a "sacred trust," and in selecting a mandatory the wishes of the people of the area in question shall be the principal consideration.

11. Does the League mean a Super-nation?  
A. No. It interferes in no way with any nation's sovereignty, except to limit its power to attack other nations.

12. Can any nation withdraw when it wishes?  
A. Yes. The League is advisory and co-operative, not coercive.

13. Does the League put Peace above Justice and National Honor?  
A. No. It puts reason before violence.

14. Does not the League take away the Constitutional right of Congress to declare war?  
A. No. The League can advise Congress alone can declare war.

15. Does it destroy the Monroe Doctrine?  
A. Exactly the contrary. For the first time in history the other nations recognize the Monroe Doctrine and extend it to all the world.

16. Does it not interfere with the treaty making powers of States?  
A. No. It is a treaty. We can

make any treaty we please.

17. Would we have had the great war if we had had this League?  
A. No. That war cost the world over 7,000,000 lives and 200,000,000, 000 dollars.

18. Of what importance is the League?  
A. It is the greatest deed of mankind in the history of the world.

19. Has not anyone a right to object to the League?  
A. Yes. This is a free country. Anyone has a right to any opinion he chooses.

20. Why is the League so bitterly opposed by a few?  
A. Because, unfortunately, any Treaty or League must be made by the President, and a President is chosen by a political party and many members of the opposite party think they must deny whatever he does.

The Council, the chief governing body of the League, cannot take action without unanimous decision of its members and since Canada will have a representative in the Council our interest will be protected there. We hear it said that the League is formed for the benefit of France or Japan or some other nation alone. This is not true. All the nations will gain by it, not only the great nations such as the United States, Great Britain, France, Japan and Italy, but the little nations which in the past have been oppressed by their big neighbors. The international court will give an opportunity for the settlement of old grievances which have long troubled the peoples of the world.

LABOR AND THE PIED PIPER

The manipulations of labor by men who are specialists in the science of strike creation and strike breaking, who would as soon take the one side as the other and will take either side which offers the largest monetary return for the least effort expended, and who are seeking no advantage except a personal one, should be stopped immediately. An accumulating, already monstrous, pile of evidence has been obtained that conclusively proves there is a selfish, brutal clique, who, unwilling to bring sweat to their brow with honest toil, have set up as labor leaders with no other intention than personal aggrandizement. The worst of it is there is enough money-mad virus in labor to claim its interest by the mere mention of more wages, shorter hours, and the other luring subjects with which a gluttonous, pleasure drunk populace are led by the nose.

Now every, eminent economist and specialist in world trouble declares and has convinced every one with enough common sense to duck the business end of a shooting iron, that over production is the only cause by which the high cost of living can be appreciably reduced. And over-production will remain a visionary phrase with labor attempting to assume the leisure of the capitalistic class and demanding more money for the less it does. A continuation of such a program on the part of labor will result in economic disaster, famine, revolution and bloodshed. So it is high time the governments of the so-called highly civilized countries of the world take drastic action in order to check an economic disease such as Russia is now afflicted with. And the first move should be a rounding up of these would-be labor leaders, who are not of nor looking after the best interests of labor, followed by speedy trials, convictions and sentences that will effectually place the strike leader and instigator in a precarious position, like unto the 'devil and the deep sea.'

Then too, among this coterie of labor agitators are a number of journeymen cursed with a number of these gentry, as almost every industry in that city has this year experienced strikes or attempted strikes which the newspapers chronicled before anyone was aware of the fact that they had grievances that ought to be righted. Now that the cold weather has set in, these scurvy blood suckers are at work among the miners and coal handlers and the public suffers in proportion to their success.

A newspaper that will consistently, and maliciously, back strikes and strikers now, when the whole country is in such a sorry plight, or that is in any way responsible for the formation of a strike, is a menace to the welfare of the nation and should be immediately confiscated by the State and its publisher preemptorily clapped in jail.

We believe in good wages, in decent working conditions and in fair hours but we also believe in WORK and 8 or 9 hours of work under the conditions named above never has and never will kill anyone. Further, more rich men owe their fortunes to hours of labor exceeding 8 and 9 hours than those who inherited their golden crowns. And anyone who advocates the adoption of a 7-hour work day with 8 hour pay is in a class with William Hohenzollern and should be bundled out of the country along with the rest of the alien enemies.

**OFFICIAL PROSPECTUS**  
"The Bridge from War to Peace"—The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

**Victory Loan 1919**  
\$300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924  
15 year Bonds due November 1st, 1934

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold. Denominations: \$50, \$100, \$500, and \$1,000

**Issue Price: 100 and Accrued Interest, Income Return 5½% per Annum**

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, and settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

10% on application; Payment to be made as follows:  
20% December 9th, 1919; 20% January 9th, 1920;  
20% February 10th, 1920; 31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

**Payments**

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%.

If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$90.52 per \$100).

If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.81 per \$100).

If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.04 per \$100).

If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$31.21 per \$100).

Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

**Denomination and Registration**

Bearer bonds, with coupons, will be issued in denomination of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

**Payment of Interest**

A full half-year's interest at the rate of 5½% per annum will be paid May 1st, 1920.

**Form of Bond and Delivery**

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

**Form of Bonds Interchangeable**

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

**Subscription Lists will close on or before November 15th, 1919**

DEPARTMENT OF FINANCE, OTTAWA, October 27th, 1919.

President Wood and the editor of the Calgary Herald are up in arms against each other on the question of class legislation, which it is announced Mr. Wood is advocating.

The city Commissioners of Calgary have ordered that all buildings under their control shall be changed over from gas to coal. There is a great shortage of gas.

R. B. Bennett, of Calgary, is giving the U. F. A. candidate in Cochrane his moral support. He is not in sympathy with Liberal or Conservative parties.

NOTICE TO CREDITORS AND  
CLAIMANTS

Notice is hereby given pursuant to an order made as provided for by section 15 of the Municipal Co-Operative Hall Insurance Act, that all persons having claims against the Hall Insurance District established under the provisions of section 328 of the Rural Municipality Act, and carrying on the business of Municipal Hall Insurance during the years 1914 to 1918 inclusive, are required to deliver or send to the undersigned Administrator, on or before the 20th day of November 1919, a full statement of their claims duly verified and any securities held by them, and that after the said 20th of November 1919 I will distribute the assets of the said Hall Insurance District among the parties entitled thereto having regard only to the claims of which I shall have received notice.

E. H. Malcolm,  
Administrator.  
21 Canada Life Bldg.  
Calgary, Alta.

NOTICE  
TO CREDITORS AND CLAIMANTS

in the Estate of  
DOUGALD FERGUSON  
Late of Vulcan, Alberta, Marine Engineer, Deceased.

Notice is hereby given that all persons having claims on the estate of the said Dougald Ferguson, who died on the 15th August, 1919, are required to file with the undersigned by the 1st December, 1919, a full statement duly verified, of their claims and of any securities held by them, and that after that date the Administrator of the estate of the deceased will distribute the estate among the parties entitled thereto, having regard only to the claims of which notice has been so filed or brought to his knowledge. Dated this 24th October, 1919.

J. A. Valiquette,  
Solicitor for the Administrator

## A Hot Communication

SUBSCRIBER WAXES ELOQUENT  
ON RESULTS OF ONTARIO  
ELECTIONS

Editor Vulcan Advocate,

Dear Sir:

Since our last letter to you the long looked for came. And needless to say to the writer it came as no surprise. That the Ontario Farmers showed to their Government that they no longer had any more use for them was certainly demonstrated by the vote cast against them. It has made both old party machines sit up and take notice. And if we are to pay heed to what the Calgary Daily Herald has to say about the U. F. O. they will have no leader. Well that is just what we can expect the Herald to say. Don't you know that they have an idea yet, that the farmers are sleeping? There is no doubt that the Herald could suggest a leader for them. Be this as it may, we will bet two to one that the U. F. O. will get down to business and they will soon let us know who their leader will be. They won't need to dig about very long to get some one just as good a leader as the Mr. Hearst who has been trying to do it. Mr. Hearst is the style of man the Herald would get. God help any man or bunch of men so miserable that they think they are the all in all. Just as soon as any one gets to that stage they find their services are no longer required and that is what happened to the Hearst Government. Now we do not think for one minute that every farmer is the man either but will say this, that they are just as honest a bunch as any other class of people. We do think that Ontario has made the wisest move they ever made and as we said some time ago that we believed they were equal to the task we now trust that they have elected good British subjects and honest upright men. This being the case there can be nothing else but good come out of the election. Ontario was somewhat differently situated than we are in the three western provinces. In our western provinces we have Governments that, I really do think, try to do the square thing by all. In Western Canada our kick is at the treatment meted out to us by the Federal House. They do not give us a square deal. And I would like to see that when we get a chance to cast our ballot for that House that we get in enough of members to get nearer a square deal than what we are getting. It is rather peculiar, that any Government will allow any class of people to exploit others the way our past Governments have done and are doing. Why should we be paying the prices for dry goods we have to pay and let the other fellow carry on. When a man or company are rolling up 50 to 94 per cent on actual cost of goods surely it is time for a fine. You all know this is being done. But we read of no fines. There is no need of any such profits in any enterprise and should not be tolerated by any Government. This kind of Government causes the trouble in many cases. May it soon end.

Subscriber

NOTICE  
TO CREDITORS AND CLAIMANTS

In the Estate of ALEXANDER DAVID ROSS, late of Vulcan, Farm Labourer, deceased.

Notice is hereby given that all persons having claims on the estate of the said Alexander David Ross, who died on the 27th December 1918, are required to file with the undersigned by the 18th November, 1919, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the Administrator of the estate of the deceased will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge. Dated this 23rd October 1919.

Herbert J. Maher,  
Solicitor for the Administrator  
Vulcan, Alta.

A 49 lb. sack of flour to the best dressed married couple, donated by the Vulcan Wholesale Grocery.

## BUFFALO HILL HINTS

The first snow storm of the season swept down on the Hills on Wednesday last and the temperature dropped to a surprising degree during the remainder of the week.

Mrs. P. Kuhn's sale, which took place on Friday last, was attended by a large crowd and everything brought fair prices with the exception of a few stocks.

We regret to hear that Mr. O. Long has been ill during the past few days. Mr. Wm. Marshall has gone north to Irricana where his brother Joseph is now working. What kind of weather have they up there at the North Pole, Bill?

A saw has disappeared from the open air round-house on the Hilltop ranch. Has anyone seen a hand-saw on the march anywhere?

Its about time for another dance, isn't it?

## A HARD TIMES BALL

A Hard Times Ball will be held in the Community Theatre on the evening of November 21st. The Harmony Five Orchestra will furnish the music.

## SEED GRAIN DISTRIBUTION

The annual free distribution of samples of seed grain is being conducted at the Central Experimental Farm, Ottawa, by the Dominion Cerealists.

The following kinds of seed grain will be sent out this year:

Spring wheat (in about 5-lb. samples), White Oats (about 4-lb.), Barley (about 5 lb.), Field Peas (not garden peas; about 5 lb.), Field Beans (early ripening, only for districts where the season is short; about 2 lb.), Flax for seed (about 2 lb.) and Flax for fibre (about 2 lb.).

Only one sample can be sent to each applicant. Applications must be on printed forms which may be obtained from the Dominion Cerealists any time after September 1st.

As the stock of seed is limited, farmers are advised to apply early to avoid disappointment. No application forms will be furnished after Feb. 1st, 1920.

C. E. Saunders,  
Dominion Cerealists

## Why Americans Come

INFLUX OF LAND SEEKERS TO  
WESTERN CANADA—MORAL  
TO CANADIANS

Winnipeg Free Press: Already this year nearly 40,000 Americans have entered Canada and of these it is estimated that more than one-half are going on land. Of course by far the greater part of the influx is into western Canada, where there is plenty of vacant land available for settlement. It is estimated that before the end of the year 50,000 Americans will have crossed the border.

What is the significance of this great inflowing tide?

The American is a pretty shrewd individual. He is not coming to Canada for his health, healthy and all as our northern climate may be. He has looked over the field and is crossing the border because he sees in Canada a land of opportunity. He knows that he can make money by going to work on the cheap but fertile farming land to be had in the western provinces. There is a moral for Canadians in this influx of American settlers. It should put an end to the talk of those people who have an idea there is no opportunity ahead of the Canadian. If 20,000 Americans are willing to take a chance on farming in western Canada, what about the Canadian? That land which is good enough to attract American settlers is good enough for Canadian settlers. And there is plenty of it available for all.

## ONTARIO RESULTS

The result of the recent Ontario election, wherein the new U. F. O. party were successful in gaining 45 seats and thereby utterly routed and overthrew the present regime, and generally disconcerted the present political atmosphere, is an incident unprecedented, and an accomplishment unrecorded in the performance of a new political party. The blow was so sudden and really unexpected by the leaders of the old line parties that they are hardly as yet awake to the realization of the fact. The Calgary Herald in its issue of the day preceding the election, in full headlines, predicted positively the return of the present incumbency without question and many there were who carried the same opinion, but these opinions were well founded on past experiences, and not on the real possibilities of the strength of the U. F. O., who, in their semi-organized condition are not yet down to details of this description and who waited the returns to know where they stood. The number of seats elected are insufficient to alone carry a majority, and recourse must be made to members of other parties to make up a majority and force control. The Labor Party will undoubtedly join in supplying the deficit, when a new Government can be inaugurated.

The present representation of all parties, standing independently, would block all possibility of action and some amalgamation is necessary to produce results. The U. F. O. is not inclined to join with the Liberals, as has been repeatedly suggested, but are looking for an element more in sympathy with their democratic sentiments and policies. The Labor party are nearest kin and their jointure is expected. With control by majority it will then be interesting to note proceedings, and it will then be the time to see whether the new party can measure up to its expectations. Their initiative movements and decision will have great weight in the future success of its undertakings. They may determine its future success or failure. The eyes of the people of the Dominion are upon them and awaiting their conclusions. Let us hope that the results will be more than expected.

## SAVINGS BANK DEPOSITS

Savings bank deposits totaling \$1,227,000,000 speak well for the success of the new Victory Loan. As shown in the bank statement for September, they exceed by approximately two hundred millions savings deposits in Canadian banks at the end of September last year.

## ESTRAY

ESTRAY—\$10.00 Reward will be paid for the recovery of cattle branded **G** on left ribs and horses branded **DH** on left thigh. Mrs. J. H. Chandler, Nanton, Alta.

## PROVINCIAL NEWS ITEMS

A. D. Salesberry consigned a car of cattle from here to Calgary last week. Jack Drumheller had a load of cattle shipped out from Calgary to Cayley for feeding purposes.

The High River Orchestra will give a dance at the Rex Theatre, Nanton, on the evening of November 6.

A mixed car of cattle was shipped from High River last week by the High River Co-Operative Co. to Calgary.

The Imperial Oil Company is sinking a well west of Nanton for the purpose of striking a flow of oil. We wish them the best of luck.

The marriage of Miss Mildred Shields and Mr. Patrick Windle, of Okotoks, took place on Oct. 21. Rev. Father Rouleau performed the ceremony.

A wreck on the line between Calgary and MacLeod near Nanton, postponed the departure of the south-bound train from Calgary for over three hours. It left about 10:50 P.M. Passengers transferring at Aldersyde had a long and weary wait.

Someone has most wisely written: "Every man should have a graveyard of his own." In it he should bury all his mean thoughts, his hatreds, his animosities, and his evil aspirations—bury them so deep there can be no resurrection. If you hear a bit of malicious gossip, bury it. If you have been nursing a feeling of hatred toward somebody for years, bury it. And when you have finally filled the graveyard with the worst that was in you, then you will find the world and all that goes to make it up a much better place to you than ever before.

## WANTED

CATTLE WANTED—About 200 head of two or three-year old steers wanted. Would also consider a mixed lot of cattle. J. Tompson, High River, or Flood, Whitcher & Elves, Vulcan, Alta. 22-1f
